He summoned enough courage to approach the nightstand. His hand trembled. He half expected the quarter to be illusory; to disappear between his pinching fingers, but it was real..Although he ate more meals in restaurants than not, he hadn't ordered a burger in twenty-two months, since finding the quarter

embedded in the half-melted slice of cheddar, in December of '65. Indeed, since then, he'd never risked a sandwich of any kind in a restaurant, limiting his selections to foods that were served open on the plate. In the glamorous cocktail lounge of this elegant hotel, Junior was necessarily forced to use other of Zedd's techniques--and more brandy--to liberate from his subconscious the name of the caller on the Ansaphone. Max. The caller had said, It's Max. As he'd been instructed, Vanadium felt along the return edge of the carved limestone casing to the right of the window until he located a quarter-inch-diameter steel pin that protruded an inch. The pin was grooved to facilitate a grip. An insistent, steady pull was required, but as promised, the thumb-turn latch on the inside disengaged. This time he didn't flip the quarter straight into the air. He tipped his hand, and with his thumb, he shot the coin toward Agnes. After adjusting the hairpin that held her lace mantilla, Maria passed from the narthex into the nave. She dipped two fingers in the holy water that glimmered in the marble font, and crossed herself. The time had come for him to think more seriously about his situation and his future. Self-improvement remained a laudable goal, but his efforts needed to be more focused. The port-wine birthmark appeared to be darker than before and differently mottled than he remembered it. After staring at the coins for a long moment, Kathleen said, "I don't think any mystery writer has ever done a series of novels about a priest detective who's also a magician." Head lowered, as if his visit to Jacob were a weight that bowed him, his attention was on the ground. Otherwise, he might not have noticed, might not have been halted by, the intricate and beautiful pattern of sunlight and shadow over which he walked. Dr. Zedd's death, just last Thanksgiving, had been a blow to Junior, a loss to the nation, to the entire world. He considered it a tragedy equal to the Kennedy assassination one year previous. She lost track of him. Fear knocked, knocked, on the door of her heart, because she was sure that he had vanished the way ships supposedly disappeared in the Bermuda Triangle. A cheer went up from family and friends, and Agnes could only imagine what it must feel like to be Barty, both blind and blessed, his heart as rich in courage as in kindness. "I know you, kid. You can handle anything from here on, whether it's a sold-out show or it's not, whether you're going to be famous or just another nobody." Agnes meant to stop Maria from turning the eleventh card, but her curiosity was equal to her apprehension. "Science. Quantum mechanics. Which is a theory ... of physics. But by theory, I don't mean just wild speculation. Quantum mechanics works. It underlies the invention of television. Before the end of this century, perhaps even by the '80s, quantum-based technology will give us powerful and cheap computers in our homes, computers as small as briefcases, as small as a wallet, a wristwatch, that can do more and far faster data processing than any of the giant lumbering computers we know today. Computers as tiny as a postage stamp. We'll have wireless telephones you can carry anywhere. Eventually, it will be possible to construct single-molecule computers of enormous power, and then technology--in fact, all human society--will change almost beyond comprehension, and for the better." The guest room. Bring Grace to the window. Disengage the latch. No good. Warped or painted shut. Small panes, sturdy mullions too difficult to break out. The previous day, Jacob and Edom had driven back to Bright Beach, to prepare for Barty's arrival. Now they hurried down the back porch steps and across the lawn, as Maria followed the driveway past the house and parked near the detached garage at the rear of the deep property. Thickened with the odors of antiseptics and blood, until breathing required an effort. Junior took two steps toward him, sighting the gun on his face. "Why should I be afraid of a stumbling blind boy no bigger than a midget?" The short walk across the room, to the hero's table, looked more daunting to Paul than the trek he'd just completed. He was nobody, a small-town pharmacist who missed more work each month, who relied increasingly on his worried employees to cover for him, and who would lose his business if he didn't get a grip on himself. He had never done a great deed, never saved a life. He had no right to impose upon this man, and now he knew he hadn't the nerve to do so, either. Celestina stared at the small, brown face, opening herself to the anger and hatred with which she had regarded this child in the operating room. The doors slid open, and they rolled Barty corridor to corridor, past the scrub sinks, to a waiting surgical nurse in green cap, mask, and gown. She alone effected his transfer into the positive pressure of the surgery. Exactly. The shock. The devastating loss. Junior felt it now, anew, and was afraid he might betray himself with tears, although he seemed to be done with vomiting. Library of Congress Cataloging-in-Publication Data Le Guin, Ursula K., 1929-. Instead of immediately killing anyone, Junior returned to his apartment on the afternoon of December 29, and went to bed, fully clothed. To calm down. To think about focus. The striking resemblance between this artist and Seraphim, as well as the facts in the biographical sketch under the photo, argued that the two were sisters. A knife already lay on the counter nearby. He used it to slice four pats of butter, yellow and creamy, each half an inch thick, off the end of the stick. Edom complied, and in the arc of red Bicycle patterns, one card revealed too much white corner, because it was the only one face up. Junior closed his eyes at once and let his jaw sag, breathing through his mouth, feigning sleep. At nearly forty years of age, Edom still dreamed of that grim summer afternoon, although not as often as in the past. When it troubled his sleep these days, it was a nightmare that gradually metamorphosed into a dream of tenderness and hope. Until the last few years, he'd always awakened when the roses were being jammed into his mouth or when the thorns flicked through his eyelashes, or when Agnes began to strike their father with the Bible, thus seeming to assure worse punishment. This additional act, this transition from horror to hope before he woke, had been added when Agnes was pregnant with Barty. Edom didn't know why this should be so, and he didn't try to analyze it. He was simply grateful for the change, because he woke now in a state of peace, never with worse than a shudder, no longer with a hoarse cry of anguish. Judging by the evidence, the nurse was home alone, but Junior raised his voice above the music and called out, "Hello? Is anyone here?" Junior strove to appear properly mortified. "Thought I heard something. Searched the apartment." When pale light came to her eyes again, she heard the paramedic and the cop talking anxiously as they worked on her, but she couldn't understand their words. They seemed to be speaking not just a foreign tongue but an ancient language unheard on earth for a thousand years. Eventually Agnes came to suspect that for all the pleasure the boy took in math and for all his aptitude with numbers, his greatest gift and his deepest passion lay elsewhere. He was finding his way toward a destiny both more astonishing and stranger than the lives of any of the many prodigies about whom she'd read. Without excellence, of course, there would be no civilization, no progress, no joy; and Agnes was surprised that this sharp burr of her father's philosophy had stuck deep in her subconscious, pricking and worrying her unnecessarily. She'd thought that she was entirely clean of his influence. Needlepoint provided no sanctuary. Junior's hands trembled just badly enough to make accurate stitchery impossible. Those spike-sharp eyes, - tenpenny gray, nailed Junior to the bed, pinning him for scrutiny. The first was an ace of hearts. This, Maria said, was a very good card, indeed. It meant that Barty would be lucky in love. After a minute, he slipped his hand into his pocket. The quarter was still there. Shortly before three o'clock, Thursday afternoon, in a state of agitation, Barty raced into the kitchen, where Agnes was baking buttermilk-raisin pies. Holding Red Planet open to pages 104 and 105, he

complained urgently that the library copy was defective. "There's twisty spots in the print, twisty-funny letters, so you can't just exactly read all the words. Can we buy our own copy, go out and buy one right now?". Junior forgot all about seduction. "And she--what?--She adopted her sister's baby?". In a rocking chair, holding her tiny son in her arms, Agnes cried quietly. Often, Barty slept through her weeping. Awakened, he smiled or squinched his face into a puzzled frown..By dawn, when the intestinal paroxysms finally passed, this bold new man of adventure felt as flat and limp as road kill.. "Uncle Edom. Uncle Jacob. Aunt Maria. So I can remember faces after ... you know."..As they moved around the base of the oak from one vantage point to another, people stopped by to reassure Agnes, although never with a word, as though to speak would be to jinx the climb. Maria placed a hand on her arm, squeezed gently. Celestina briefly massaged the nape of her neck. Edom gave her a quick hug. Grace slipped an arm around her waist for a moment. Wally with a smile and a thumbs-up sign. Tom Vanadium, thumb and forefinger in a confident OK. Lookin' good. Hang in there. Signs and gestures, maybe because they didn't want her to hear the quivers and catches in their voices..Certain that he was overreacting, Tom nevertheless left the kitchen as a cop, not a priest, would leave it: staying low, knife thrust in front of him, clearing the doorframe fast..You have the teeth to do it, Junior thought, but he restrained himself from saying it. "This can't be a dead end."..Ministering to Perri, Joshua had pulled back her blankets. The fabric of the pale yellow pajama pants couldn't disguise how terribly withered her legs were: two sticks..If the detective believed that Seraphim had been raped, his natural desire to exact vengeance for his friend's daughter might motivate him to commit the relentless harassment that Junior had endured now for four days..He had learned many things about himself on this momentous day--that he was more spontaneous than he had ever before realized, that he was willing to make grievous short-term sacrifices for long-term gain, that he was bold and daring-but perhaps the most important lesson was that he was a more sensitive person than he'd previously perceived himself to be and that this sensitivity, while admirable, was liable to undo him unexpectedly and at inconvenient times..During the drive, he alternated between great gales of delighted laughter and racking sobs wrought by pain and self-pity. The voodoo Baptist was dead, the curse broken with the death of he who had cast it. Yet Junior must endure this final devastating plague..The driver shook his head. "I knew everything anyone would need to know about you when I heard you ask your kid what would happen if the stupid boogeyman showed up in her dream."..squinched, sharp-faced night clerk must not have been the owner, because he wasn't the type to have dreamed up cute spellings for the sign out front. Judging by his appearance and attitude, he was a former Nazi death-camp commandant who fled Brazil one step ahead of the Israeli secret service and was now hiding out in Oregon..Into the autumn of 1967, Junior reviewed hundreds of thousands of phone listings, and occasionally he located a rare Bartholomew. In San Rafael or Marinwood. In Greenbrae or San Anselmo. Located and investigated and cleared them of any connection with Seraphim White's bastard baby..The diminutive mortician spoke a few comforting words instead of commenting on the dental history of the deceased, and when he put a consoling hand on Jacob's shoulder, Jacob cringed from his touch.."AND I DRINK CHAMPAGNE ALL DAY," said Miss Cheese, pronouncing it "cham-pay-non.".. "Agnes," said the magician, "you better start meeting with that librarian now to record your own life. If you don't get started for another forty years, by then you'll need a whole decade of talking to get it all down."..Because Harrison, with the best of intentions, had not wanted to open wounds, Cain could walk up to Celestina anywhere, anytime, and she wouldn't know that he might have been her sister's rapist. To her, his face was that of any stranger..He stepped to the front door, which was framed by curtained side lights. He drew one of the curtains aside and peered out..A quick survey of the lavatory floor. The musician hadn't left anything behind, neither a popped button nor crimson petals from his boutonniere..Charmed by the vulnerability of the young, he'd never slept with an older woman. The prospect intrigued him. She would have tricks in her repertoire that younger women were too inexperienced to know..He raised the window in the kitchen and climbed outside, onto the landing of the fire escape. Feeling like a high-roaming cousin to the Phantom of the Opera, bearing the requisite fearsome scars if not the unrequited love for a soprano, Vanadium descended through the foggy night, down two flights of the switchback iron stairs to the kitchen at Cain's apartment..Perhaps because Celestina was her father's daughter, with his faith in humanity, she was always deeply moved by the kindnesses of strangers and saw in them the shape of a greater grace. "Does your wife know what a lucky woman she is?". Most of these firearms were loaded and ready for use, but five remained in their original boxes, in the back of her bedroom closet. Evidently, considering the original bill of sale taped to each of the five boxed handguns, she must have acquired all the weapons legally.."Now this. But even if your dad had cooperated with me, nothing would have changed. Since Phimie never revealed his name, I wouldn't have been able to go after Cain any differently or more effectively."..Indeed, the winter storm had dampened neither his hair nor his clothes. The rain appeared to slide away from him a millimeter before contact, as though the water and the man were composed of matter and antimatter that must either repel each other or, on contact, trigger a cataclysmic blast that would shatter the very foundation of the universe..The round table seated six, but they required only three chairs, because the two brainless friends were a pair of Angel's dolls..Eventually he put the quarter on the nightstand, switched off the lamp, and slipped into bed..Murmuring reassurances, Celestina put a hand on the girl's head and smoothed her brow, her hair, until the sour dream was sweetened by the touch..At the bedside, Joshua Nunn, friend and physician, looked up as Paul approached. He rose as though under a yoke of iron..The announcement poster seemed enormous, huge, far bigger than she remembered it, crazily-recklessly large. By its very size, it challenged critics to be cruel, dared the fates to celebrate her triumph by shaking the city to ruin right now, in the quake of the century. She wished Helen Greenbaum had opted, instead, for a few lines of type on an index card, taped to the glass..Griskin, a former convict, had served eleven years for second-degree murder before the lobbying efforts of a coalition of artists and writers had won his parole. He possessed a huge talent. No one before Griskin had ever managed to express this degree of violence an rage in the medium of bronze, and Junior had long kept the artist's work on his short list of desired acquisitions..The morning that it happened, Tom Vanadium rose later than usual, shaved, showered, and then used the telephone in Paul's downstairs study to call Max Bellini in San Francisco and to speak, as well, with authorities in both the Oregon State Police and the Spruce Hills Police Department..Although he considered tearing up the letter and throwing it away he knew that his perceptions were clouded by grief and that what he'd written might seem fine if he reviewed it in a less dark state of mind. He returned the letter to the envelope and put it in the drawer of his nightstand.."I was once doubting Thomas," said the detective, but not from beside the bed any longer. His voice seemed to come from across the room, perhaps near the door, though he had made not a sound as he'd moved..Then came the Year of the Tiger, 1974. Gasoline shortages, panic buying, mile-long lines at service stations. Patty Hearst kidnapped. Nixon gone in disgrace. Hank Aaron toppled Babe Ruth's longstanding home-run record, and the inflation rate topped fifteen percent, and the legendary

Muhammad Ali defeated George Foreman to regain his world-heavyweight title..The maniac detective was still on the floor where he had died. The red rose and the gift box occupied his hands..Each booth was at a large window, and each window provided a view of the street. Vanadium wasn't out there, watching from the sidewalk, either: no glimpse of his pan-flat face shining in the December sun..Draped across his midsection, the terrible cold weight had chilled his flesh; but now his bone marrow prickled with ice at the thought of the birthmarked detective sitting silently in the dark, watching. Junior would have preferred dealing with Naomi, dead and risen and seriously pissed, rather than with this dangerously patient man..Even the Shantung-softened lamplight blazed too bright and did not serve her well, so she switched it off and said, "Scoot over.".Her hands were slender, long-fingered, graceful. The hands of an artist. They were not powerful hands..Barty rounded the tree and returned to the porch. He climbed the steps and stood before Tom..Having gotten the new roof for them at cost, Agnes subsequently put together donations from a dozen individuals and one church group to cover all but two hundred dollars of the outlay.
